

## National Infant & Toddler Child Care Initiative (NITCCI)

### Coordinated Child Care Consultation Networks in Infant Toddler Settings

Coordinated Child Care Consultation Network Development
1. Who is providing consultation currently in your State?
2. How do IT caregivers access existing consultant services in the State?
3. Are there efforts to inform infant/toddler settings of how to access and effectively use consultation services?
4. What stakeholder groups are involved in consultation system building? Are any of these groups already coordinating any services?
5. What are the Child Care Consultant Qualifications & Standards for each consultant discipline?
6. What funding sources are available to support coordinating consultants from multiple disciplines?
7. What entity would coordinate consultant access and delivery?
8. What types of professional development opportunities are available to support coordinated consultation practice?
9. How can consultants integrate with infant/toddler quality initiatives?
10. How can States evaluate the effectiveness of coordinated consultant networks?
